

ASSOCIATED CHARITIES PASS VOTE OF CENSURE

Against Sending Hopeless Patients to New Mexico.

WILL WORK FOR INSTITUTION OF COUNTY POOR FARM

At the mass meeting in the Commercial club building yesterday the Associated Charities of Albuquerque formally organized for the relief of the sick and poor of the city of Albuquerque and environs and to work for the institution of a county farm or poor house for the accommodation of the sick and needy.

The step is a most important one, as it means the organization of the charitable societies and individuals of the city for systematic work in behalf of the large class in this city which is in need of charity.

The officers of the new society are: Mrs. J. H. Kaplan, president; Mrs. D. H. Carns, vice president; S. S. Bourne, secretary; D. A. Macpherson, treasurer.

The perfecting of the organization yesterday came in the form of the adoption of a report submitted by Messrs. J. H. Kaplan, A. G. Harrison and Nestor Montoya, the committee on permanent organization. Following is the report:

Report of Committee.
Your committee on permanent organization, at this time for an organized system for the relief of the sick and poor in this city, strongly recommend that such an organization be effected at once and submit the following as an outline:

First—That this organization be known as the Associated Charities of Albuquerque.

Second—That its object be two-fold: first, the raising of money for the relief of the sick and poor; second, to work for the institution of a poor house or county farm where such sick and needy can be cared for, paying for such relief by such work as they may be able to perform. With a view to such an institution your committee suggest that the petition be presented to the county commissioners, asking for an appropriation of 20 to 40 acres of land, as a first step in this direction.

Third—That the officers of this organization shall be president, vice president, secretary and treasurer who shall be elected annually. That the treasurer shall be required to furnish bonds in a suitable amount.

Fourth—That there shall be a board of directors, consisting of five members who shall be elected, two for one year; two for two years and one for three years.

Fifth—That the disposal of funds available for purposes of immediate relief shall be for the present and until the institution of such a poor house or county farm chiefly through the agency of the Sisters' hospital and the Non-Sectarian Benevolent societies in a proportion to be determined by the board.

Sixth—That membership in this society shall be open to all who will pay a regular subscription of not less than \$5.00 per year.

Your committee also beg to offer the following suggestions:

First—That all persons be sent to the hospital or given financial assistance who has not been in the city for at least three months.

Second—In the event of any person coming to this city sick and helpless, that the mayor of the home city of such person be notified, and asked to help support him, and in the event of refusal to do so, that such person be sent back to his home, or city from whence he came.

Third—That a committee be appointed to present the objects of this organization and the needs of this city in this connection to the next territorial legislative assembly with a view to securing an appropriation.

Fourth—That a committee be appointed at some proper time, to present this matter to some of the wealthy philanthropists of the country, especially of the east, to interest them and secure their help.

Respectfully submitted,
JACOB H. KAPLAN,
A. G. HARRISON,
NESTOR MONTOYA

The Proceedings.
The meeting was called to order yesterday by Mrs. George L. Brown, chairman of the temporary organization.

After the approval of the minutes of the previous meeting the report of the committee was taken up section and adopted as submitted, with the exception of article 6 which was amended to read that "payments shall be made in advance."

Physicians Censured.
The following resolution was offered by Maynard Gansui and adopted:

"Resolved, That the physicians and authorities in their sections be censured for sending hopelessly sick patients to Albuquerque and New Mexico when they have reached a stage where they are beyond help from climatical advantages, or are without sufficient funds to support themselves for a period of at least six months, and that the press be urgently requested to give this resolution the greatest publicity."

Mr. Bourne moved that the resolutions be adopted, and the motion was carried.

A vote of thanks was tendered Mrs. Brooks for her work as temporary chairman.

Dr. Wylder moved that a committee be appointed to solicit funds for the organization. This was carried.

T. O. Mason in behalf of the colored people of the city said that they would co-operate most heartily in the movement. The meeting then adjourned subject to call of the chair.

A large number of prominent citizens and ladies were present and are joining enthusiastically in the work of caring for the poor. The society will now begin an active campaign along the lines laid out.

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Mrs. M. E. Shotwell

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression, "I am nervous, it seems as if I should fly; I or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman.

Fits of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs, the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice, nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night."

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me."

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

COL. METZGAR WILL GET IN ON BIG BEQUEST

ONE OF HEIRS OF ESTATE IN HOLLAND WORTH ONE HUNDRED AND FORTY MILLIONS.

Colonel W. H. Metzgar, the well known fruit raiser and ranchman of Pajarito, has recently received word that he is among 122 eligible claimants to a bequest valued at \$140,000,000, left in trust with the government of Holland by Thibaud Metzgar in the seventeenth century. Among other heirs of the fortune are Mr. Metzgar's sons, Mr. Hannah Green, of Ohio, Mrs. Monica Harbort, of Kansas city, grand niece of the late Thibaud Metzgar, Miss Sophia Harner, of South Bend, Indiana, Mrs. Charles Lauterbach, of Kansas City, and others.

VINOL'S RELIABILITY
Prominent Physicians Join Our Local Druggists, J. H. O'Reilly & Co., in Praising This Meritorious Preparation.

Countless physicians and druggists are now prescribing and endorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions.

This is because Vinol is guaranteed to contain a highly concentrated form of the medicinal, curative elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the useless, system-clogging, choler, or to upset the stomach and retard its work.

Vinol is not a patent medicine, as everything in it is named on the label, and it can be seen that it is absolutely free from drugs and all injurious ingredients.

A prominent physician writes, "I believe Vinol to be the most valuable cod liver oil preparation, the best body-builder, health restorer, and strength creator known to medicine today, and I should be very sorry to have to do without Vinol in my practice."

A member of the above firm says, "In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure."

In the strongest manner we endorse and guarantee Vinol to create strength for old people, weak, sickly women and children, and after severe sickness, and to cure hacking coughs, chronic colds, all throat and bronchial troubles or return money if it fails."

J. H. O'Reilly & Co., Druggists.

COMMERCIAL NEWS
The Metals.
New York, Nov. 2.—Copper was lower abroad, closing at 27 1/2 to 30 for spot, and 27 1/2 to 30 for futures in the London market. Locally the condition shows no change of importance. Lake metal at 116.37 1/2 @ 116.40; electrolytic at 116.25 @ 116.32; and casting at 116.00 @ 116.37 1/2.
